

**A GOOD DRINK
LIKE A GOOD SWIM
SHOULD BE MORE
THAN JUST FLUID**

There aren't many sectors where you sweat it out for 3 solid hours.

Or more. And so it goes away.
minerals, fluids and salts you
can't play as well without.

That's why Gatorade® thirst quencher was invented: to do what no ordinary soft drink or water can do. To help put back minerals, salts and fluids you lose as you play. Before you feel burned out.

Before you feel burned out.

So go for the drink that'll give you more. Follow through with Gatorade thirst quencher, regular or Instant.

**GATORADE® GIVES YOUR BODY
WHAT IT'S THIRSTY FOR.**
